ST. CHRISTOPHER'S INN

A MINISTRY OF THE FRANCISCAN FRIARS
OF THE ATONEMENT

2015 ANNUAL REPORT

Celebrating Over 100 Years of Caring

Our Mission

THE WORDS OF ST. FRANCIS OF ASSISI
BRING TO LIFE OUR MISSION AND
OUR CHALLENGE:

We have been called to heal wounds,
to unite what has fallen apart, and to bring
home those who have lost their way.

ST. CHRISTOPHER'S INN, A MINISTRY OF THE FRANCISCAN FRIARS OF THE ATONEMENT, IS A TEMPORARY HOMELESS SHELTER DEDICATED TO THE REHABILITATION OF MEN IN CRISIS WHOM WE CALL "BROTHERS CHRISTOPHER." OUR MISSION IS TO OFFER A CONTINUUM OF QUALITY HEALTH CARE SERVICES THAT FACILITATE PHYSICAL, EMOTIONAL, AND SPIRITUAL HEALING BY PROVIDING CHEMICAL DEPENDENCY TREATMENT, PRIMARY HEALTH CARE, AND TEMPORARY HOUSING. WE STRIVE TO RESTORE THE PERSONAL DIGNITY OF EACH INDIVIDUAL BY UTILIZING A HOLISTIC APPROACH IN ALL OUR PROGRAMS. NO ONE IS EVER TURNED AWAY BECAUSE OF RACE, RELIGION, OR THE ABILITY TO PAY.

Fr. Bill Drobach, SA

It's hard to imagine that it has been 106 years of men in crisis finding their way to the Holy Mountain looking for help—each fighting their own personal demons. After 15 years of serving at St. Christopher's Inn in many different positions, most recently as President and CEO, it is clear to me that this ministry is not only actively saving lives and restoring families, but continues to serve as a lighthouse—a beacon of hope for those lost in the spiral of addiction.

There is an opiate crisis that is charging through our country, stealing our families and leaving a trail of devastation and grief. The stigma of addiction as a choice is disappearing as all socio-economic boundaries are being destroyed by this disease. The number of overdose deaths has soared in recent years, particularly among scholars, athletes, women and small suburban towns.

While it is easy to become discouraged when you consider these devastating facts, it only takes one walk through the halls with the men here at the Inn to remind me there is hope. It only takes one letter or email from our benefactors who have kept our doors open for those 106 years to remind me that we are forging a way in the dark. I hope you are proud to read through this Annual Report and know that you are our partner in fighting for people to find hope in recovery.

Sincerely,
Fr. Bill Drobach, SA
President & CEO

On June 21, 2015, the St. Christopher's Inn Choir sang for the Mass at St. Patrick's Cathedral in New York City at the request of His Eminence Timothy Cardinal Dolan! The Very Reverend Fr. Brian Terry, SA, and Fr. Bill Drobach, SA, concelebrated with the Cardinal.

"My participation in the choir was both unexpected as well as very much enjoyed. I owe a lot of my finding spirituality to the availability of joining the choir and participating in it."

Admissions

"I built a wonderful foundation for my future sobriety with the help of all the staff."

The first stop for a new Brother Christopher is the Admissions office. While the staff answers and responds to more than 200 phone calls and emails each day from family members, referral agencies and directly from clients looking for help, they also welcome, reassure and help men with the first step towards a better life in recovery.

"I love this place, and am so glad I decided to wait for my bed to come here. I feel I received exactly what I needed and am absolutely proud of who I have become since my arrival here 99 days ago."

Assessments

Scholarships

"Spirituality is exactly what I have been missing my whole life and from my recovery attempts in the past."

Living with the disease of addiction often means living without everything else, including any means of getting help to find a way out of the spiral. At St. Christopher's Inn, scholarships for treatment are reserved for men who show a serious commitment to doing the difficult work required for a life in recovery. Clients must submit an essay explaining why they are requesting a scholarship for treatment, which is reviewed and considered by Fr. Bill Drobach, SA, President & CEO of the Inn. There is no question—this resource SAVES LIVES.

Did you know?

\$80,884 was given in scholarships to men in need of treatment, without any resources of their own, in 2015.

Treatment

Food and Meals

"The way that St. Christopher's cares for us men by making sure we have what we need is amazing."

Sharing a meal with others is often an invitation to also share experiences, encouragement, triumphs and failures. This type of camaraderie in the St. Christopher's Inn Dining room among clients is an additional benefit of the family-style dining, and nutritious meals provided by the kitchen staff three times a day. So many of these men have been without proper nourishment for their bodies and their minds for so long that eating and sharing become a pivotal part of their journey to recovery.

The Family Program at St. Christopher's Inn is consistently considered by clients as one of the best parts of their treatment. This three-session program allows

family members and current clients to see and confront issues like denial and secrecy, as well as explore and discuss how the disease of addiction has impacted their family life. Clients, along with their family members, find the support they need to help them move forward in their recovery.
